Study Abroad

Study Abroad in any German-speaking country is strongly recommended to enhance language skills and broaden cultural horizons. There are various options including our own program in Regensburg, and travel scholarships are available. Consult the main office, German faculty, or the Study Abroad Resource Room for further information.

Student Activities

German Club
The German Club organizes events such as Stammtisch/Kaffeeklatsch (regular get-togethers), game nights, film showings, and visits to German restaurants.

Delta Phi Alpha
Many of our students become members of Delta Phi Alpha, the National Honor Society for German.

**Why Learn German?**
- German is the native language of about 100 million people and the second language for millions more.
- Millions of Americans claim German ancestry. Learning German can forge a strong bond with that heritage.
- Germany is an influential country culturally, technologically, politically and economically.
- It strengthens your marketability. Communication skills, creativity, critical thinking and cultural awareness qualify you for careers in many fields (often unexpected ones).

**Placement**
You may place out of GRMN 1001, 1002, 1060, 2001, 2002, or 2060 and still get credit for them. If you have taken German previously, you should attempt to take the course that best fits your current abilities—you do not need to and should not start in 1001, if you don’t need to. If you take a higher course and receive a C or better, you may petition to get credit for the lower courses through Proficiency by Examination. Please talk to the Department of Foreign Languages staff for more information.
